Dr. Raviraj Jadhav
Regional Director
BAIF Livelihoods

INSTRUCTIONS TO BIDDERS

SECTION - A

1. Scope of Work

BAIF Institute for Sustainable Livelihoods Development (Employer) invites quotations for the works as detailed in the table below

Brief Description of Works	Approximate value of Works (Rs.)	Period of Completion	Scope of Work
PART I: New RCC ESR Construction Cap. 50000 Lit.	To be worked out by Bidder	60 days from the award of contract	As per attached Part I-Annexure 1
PART II: Information Board	To be worked out by Bidder		As per attached Part II-Annexure 2

The successful bidder will be expected to complete the work by the intended completion period specified above.

2. Qualification of the bidder:

- a. Financial turnover not less than Rs.50 Lakh per annum for last 3 years in Civil Developmental works.
3. The bidders should have valid GST Registration Number and PAN Number in the name on which the quotation is submitted. In case of proprietorship, the bidder shall give a self-declaration for the same.

4. Bid Price

- a. The contract shall be for the entire scope of work as described in the Bill of quantities, drawings and technical specifications. Corrections, if any, shall be made by crossing out, initiating, dating and re writing.
- b. All duties, taxes and other levies payable by the contractor under the contract shall be included in the total price.
- c. The rates quoted by the bidder shall be fixed for the duration of the contract and shall not be subject to adjustment on any account.
- d. The rates should be quoted in Indian Rupees only.

5. Submission of Quotations

- a. The bidder is advised to visit the site of works at his own expense and obtain all information that may be necessary for preparing the quotation.
- b. Each bidder shall submit only one quotation **for all the parts or any one of the parts.**
- c. The quotation submitted by the bidder, shall comprise of the following: -
 1. Quotation in the given format.
 2. "Bhim UPI / QR Code" of tender fee **of Rs 500 /- non-refundable.**
 3. Authorized registration

The bidder shall seal the quotation in an envelope addressed to “BAIF Institute for Sustainable Livelihoods and Development, BAIF-MITTRA Bhavan, Opp, Niwas Homes, Behind Bodhale Nagar Nashik-Pune Road, Nashik 422011, “**Civil Work of Construction of Elevated Water Storage Tank at Anbhulewadi Tal. Koregaon Dist. Satara Maharashtra**”

- d. Quotations must be received in the office of **BAIF Institute for Sustainable Livelihoods and Development** not later than the time and date given in the letter of invitation. If the specified date is declared as a holiday, quotations shall be received up to the appointed time on the next working day.
- e. Any quotation received by **BAIF Institute for Sustainable Livelihoods and Development** after the deadline for submission of quotations will be rejected and returned unopened to the bidder.
6. **Validity of Quotations**
Quotation shall remain valid for a period not less than 45 days after the deadline date specified for submission.
7. **Opening of Quotations**
Quotations will be opened in the presence of bidders or their representatives who choose to attend on the date and time and at the place specified in the letter of invitation.
8. Information related to evaluation of quotations and recommendations for the award of contract shall not be disclosed to bidders or any other persons not officially concerned with the process until the award to the successful bidder is announced.
9. **Evaluation of Quotations**
The Employer will evaluate and compare the quotations determined to be substantially responsive i.e. which
 - a. Meet the qualification criteria specified above
 - b. Are properly sealed and signed
 - c. Conform to the terms and conditions, specifications and drawings without material deviations.
10. **Award of contract**
The Employer will award the contract to the bidder whose quotation has been determined to be substantially responsive and who has offered the lowest quotation price among the evaluated quotation prices, meets the specified qualification criteria, agrees comprehensively to all the terms and conditions mentioned in this document and agrees to enter into an agreement as given below. “**BAIF Institute for Sustainable Livelihoods and Development**” will reserve the right for finalisation of bidder from among the lowest three bidders.
 - a. The party whose quotation is accepted will be notified of the award of contract by the Employer prior to expiry of the validity period of the quotation. The terms of the accepted offer shall be incorporated in the Purchase Order.
 - b. The contract may be given to more than one bidder/s as found suitable if they agree to provide the material at the least price offered.
 - c. The contract shall at any point of time be terminated if the quality of material delivered, scope of work and specifications are not found to be satisfactory. The payment for amount of work done till date shall be released in favour of the bidder,

only after satisfactory inspection by “**BAIF Institute for Sustainable Livelihoods and Development**”.

11. Notwithstanding the above, the Employer reserves the right to accept or reject any quotation and to cancel the bidding process and reject all quotations at any point of time prior to the award of contract.
12. The bidder whose bid is accepted, will be notified of the award of contract by the Employer prior to the expiry of the validity period of the quotation.
13. Bid security of unsuccessful bidders will be refunded prior to expiry of the validity period of the quotation.
14. **Performance Security**
Within 07 days of receipt of the letter of acceptance, the successful bidder shall deliver the performance security through “Bhim UPI / QR Code” for an amount equivalent to 2% of the contract price to “**BAIF Institute for Sustainable Livelihoods and Development**”. The Performance Security shall be valid till the expiry of the period of maintenance of the work, specified in clause 15.
15. **Defect Liability Period**
The Defect liability period for the work is 12 (Twelve) months from the date of taking over possession or one full monsoon season whichever occurs later. During this period, the contractor will be responsible for rectifying any defect in the construction free of cost to the Employer, failing which the retention amount mentioned in the document is liable to be forfeited.
16. Purchase of all construction material including cement, steel, etc. as per the specifications (ISI certification marked goods wherever available) shall be the responsibility of the contractor.
17. Arrangement for water and electric power supply and any other machine and equipment (cranes, excavators, etc.) necessarily required for installation, transportation and handling etc. will be within the scope of the bidder. Bidders are requested to consider all such costs.

.....

Draft Agreement Form

ARTICLES OF AGREEMENT

This deed of agreement is made in the form of agreement on _____ day
_____ month _____ 2024, between “BAIF Institute for Sustainable
Livelihoods and Development”,

**BAIF-MITTRA Bhavan, Opp. Niwas Homes, Behind Bodhale Nagar Nashik-Pune
Road, Nashik 422011**

(Hereafter referred as First Party) or its authorized representative and

_____ (Name of the Contractor, hereafter referred as Second Party), S/O

_____ resident of _____, to execute the work of **Civil Work of
Construction of Elevated Water Storage Tank at Anbhulewadi Tal. Koregaon Dist.**

Satara, Maharashtra (hereafter referred as works) for “BAIF Institute for Sustainable
Livelihoods and Development” on the following terms and conditions.

1. Cost of the Contract

The total cost of the works (hereinafter referred to as the “total cost”) is Rs. _____ as
mentioned in offer.

2. Payment under the contract:

Payment to the Second Party for the construction work will be released by the First Party.

Payment at each stage, will be made by the First Party in the following manner:

- a. On the Second Party submitting Running Account bills (RA bills) for completed works and
minimum value of RA bill should be Rs. 10 Lakhs;
- b. On certification of the invoice by the Engineer-In-Charge nominated by the first party with
respect to quality of work specified in the format.

3. Retention Amount:

- a. At 3% of the bill value - shall be deducted from the running bill of the said work.
- b. The amount so retained, will be refunded after successful completion of the defect liability
period which is 12 months from the completion of the work or one full monsoon season
whichever occurs later.

Total of 5% of contract value is to be retained till completion of defect liability period. 3%
retained from RA bills, 2% submitted at the time of contract finalisation. Refund of this
retention amount depends on successful work completion certified by Engineer In-Charge
appointed by the First Party.

4. Notice by Contractor to Engineer

The Second Party, on the work reaching each stage of construction, shall issue a notice to the First Party or the Engineer nominated by the First Party (who is responsible for supervising the contractor, administering the contract, certifying the payment due to the contractor, issuing and valuing variations to the contract, awarding extensions of time etc.) and to visit the site for certification of completion stage. Within 15 days of the receipt of such a notice, the First Party or the engineer nominated by it, will ensure issuance of stage completion certificate after due verification.

5. Completion time

The works should be completed in **60 Days** from the date of this Agreement. In exceptional circumstances, the time period stated in this clause may be extended in writing by mutual consent of both the parties.

6. If any of the compensation events mentioned below prevent the work from being completed by the intended completion date, the First Party will decide on the intended completion date being extended by a suitable period:

- a. The First Party does not give access to the site or a part thereof by the agreed period.
- b. The First Party orders a delay or does not issue completed drawings, specifications or instructions for execution of the work on time.
- c. Ground conditions are substantially more adverse than could reasonably have been assumed before issuance of letter of acceptance and from information provided to Second Party or from visual inspection of the site.
- d. Payment due to the Second Party are delayed without reason.
- e. Certification for stage completion of the work is delayed unreasonably.

7. Any wilful delay on the part of the Second Party in completing the works within the stipulated period will render him liable to pay liquidated damages @Rs. 5000 per day which will be deducted from the payment due to him. The First Party may cancel the contract and take recourse to such other action as deemed appropriate once the total amount of liquidated damages exceeds 2% of the contract amount given as performance security.

8. Duties and responsibilities of the First Party

- a. The First Party shall be responsible for providing regular and frequent supervision and guidance to the Second Party for carrying out the works as per specifications. This will include written guidelines and regular site visit of the authorised personnel of the First Party, for checking quality of material and construction to ensure that it is as per the norms.
- b. The First Party shall supply 3 sets of drawings, specifications and guidelines to the Second Party for the proposed works

- c. Possession of the site will be handed over to the Second Party within 10 days of signing of the agreement.
- d. The Engineer or any such person as may be authorised by the First Party, shall hold a meeting once a month where the Second Party or his representative at the site will submit the latest information including progress report and difficulties if any, in the execution of the work. The whole team may jointly inspect the site on a particular day to take stock of the activities.
- e. The Engineer shall record his observations/instructions at the time of his site visit in a site register maintained by the Second Party. The Second Party will carry out the instructions and promptly rectify any deviations pointed out by the Engineer. If the deviations are not rectified within the time specified in the Engineer's notice, the First Party as well as the Engineer nominated by it may instruct stoppage or suspension of the works. It shall thereupon be open to the First Party or the Engineer to have the deviations rectified at the cost of the Second Party.

9. Duties and responsibilities of the Second Party

The Second Party shall:

- a. Take up the work and arrange for its completion within the time period stipulated in clause 5;
- b. Employ site engineer to carry out the work;
- c. Regularly supervise and monitor the progress;
- d. Abide by the technical suggestions / direction of supervisory personnel including engineers etc. regarding the progress;
- e. Be responsible for bringing any discrepancy to the notice of the representative of the first party and seek necessary clarification;
- f. Ensure that the work is carried out in accordance with specifications, drawings and within the total contract amount without any cost escalation;
- g. Keep the first party informed about the progress of the work;
- h. Be responsible for all security and watch and ward arrangements at site till handing over of the built assets to the first party
- i. Maintain necessary insurance against loss of materials/cash, etc. or workman disability compensation claims of the personnel deployed on the work as well as third party claims.
- j. Pay all duties, taxes and other levies payable by construction agencies as per law under the contract (First party will affect deduction from running bills with respect to such taxes as may be imposed under the law).
- k. Electricity & Water charges are included in the estimate. During work execution, above services taken from GP, VDC, farmer, etc. will ensure reasonable paying of bill for above services by the second party.

10. Variations / Extra Items

The works shall be carried out by the second party in accordance with the approved drawings and specifications. However, if on account of site conditions or any other factors, variations are considered necessary, the following procedure shall be followed:

The Second Party shall provide the Engineer with a quotation for carrying out the variation when requested to do so by the Engineer. The Engineer shall assess the quotation, which shall be given within seven days of the request before the variation is ordered.

- a. If the quotation given by the Second Party is unreasonable, the Engineer may order the variation and make a change to the Contract Price which shall be based on the forecast of the Engineer of the effects of the variation on the costs of the Contractor.
- b. The Second Party shall not be entitled to additional payment for costs which could have been avoided by giving early warning.

11. Securities

The Performance Security shall be provided to the Employer no later than the date specified in the Letter of Acceptance and shall be issued in an amount and form and by a bank or surety acceptable to the Employer. The Performance Security shall be valid until 28 days from the date of issue of the Certificate of Completion in the case of a Bank Guarantee.

12. Termination

12.1 The Employer may terminate the Contract if the second party causes a fundamental breach of the Contract.

12.2 Fundamental breaches of Contract include, but shall not be limited to the following:

- a. The contractor stops work for 20 days and the stoppage has not been authorised by the Engineer;
- b. The Contractor has become bankrupt or goes into liquidation other than for a reconstruction or amalgamation;
- c. The Engineer gives Notice that failure to correct a particular Defect is a fundamental breach of Contract and the Contractor fails to correct it within a reasonable period of time determined by the Engineer;
- d. The Contractor does not maintain a security which is required;

12.3 Notwithstanding the above, the Employer may terminate the Contract for convenience.

12.4 If the Contract is terminated, the Contractor shall stop work immediately, make the Site safe and secure and leave the Site as soon as reasonably possible.

13. Payment upon Termination

13.1 If the Contract is terminated because of a fundamental breach of Contract by the Contractor, the Engineer shall issue a certificate for the value of the work done, fewer advance payments received up to the date of the issuance of the certificate, less other recoveries due in terms of the contract and less taxes due to be deducted at source as per applicable law.

13.2 If the Contract is terminated at the Employer’s convenience, the Engineer shall issue a certificate for the value of the work done, the reasonable cost of removal of Equipment, repatriation of the personnel employed by the Contractor solely on the Works and the cost of protecting and securing the Works of the Contractor and less advance payment received up to the date of the certificate, less other recoveries due in terms of the contract and less taxes due to be deducted at source as per applicable law.

14. Dispute settlement

If over the works, any dispute arises between the two parties, related to any aspect of this Agreement, the parties shall first attempt to settle the dispute through mutual and amicable consultation.

In the event of an agreement not being reached, the matter will be referred for arbitration by a Sole Arbitrator not below the level of retired Superintending Engineer, PWD to be appointed by the First Party. The Arbitration will be conducted in accordance with the Arbitration and Conciliation Act, 1996. The decision of the Arbitrator shall be final and binding on both the parties.

15. “BAIF Institute for Sustainable Livelihoods and Development”

shall not be responsible for any damage to life and/or property during execution of works on the field.
